

This section can be completed and submitted as a stand alone form.

_____ will undertake exposure prone procedures throughout the course of their study and are required to complete _____ may undertake exposure prone procedures throughout the course of their study. Testing required at the _____ may undertake exposure prone procedures from _____ of the course and are required to complete testing _____ of the course and are

The current Communicable Diseases Network Australia (CDNA) guidelines define an exposure prone procedure as a procedure where there is a risk of injury to the healthcare worker resulting in exposure of the patient [

Inherent requirements are the fundamental abilities, attributes, skills and behaviours necessary to complete the learning and practical outcomes of a course while preserving the academic integrity of JCU's learning, assessment and accreditation processes. Students must be able to demonstrate that they have the ability to acquire the inherent requirements for the duration of their course. (All students who intend to participate in laboratory, workplace simulation environments and undertake professional experience placements (PEP) are required to establish and maintain their medical, physical and psychological capacity to practice safely

Please list any known medical conditions, physical conditions, psychological issues or medication requirements which may impair the student's capacity to safely participate in laboratory, workplace simulation environments and undertake professional experience placements (PEP) in a variety of clinical settings.

I declare that the information provided on this form is true and correct.
